

LIVESTOCK DEPARTMENT -- RULES AND REGULATIONS

1. Interpretations and Violations of Rules: The Izard County Fair Board (ICF) reserves to its management the final and absolute right to interpret these rules and arbitrarily settle and determine all matters, questions and differences in regard thereto, or otherwise arising out of or connected with, or incident to the ICF exhibition, and the right to amend or add to any of these rules as its judgment may determine.

2. Izard County Fair exhibitors are restricted as follows:

(A) Open only to Jr. Exhibitors. Jr. Exhibitors are those individuals 19 years of age or younger, single, and never married. Exhibitors may not exhibit after graduating from high school or earning a GED, except for the fall immediately following graduation.

(B) Exhibitors must reside in Izard County/OR

(C) If not a resident of the Izard County, then the exhibitor must attend a school in a county in the Izard County, or be a member of a 4-H or FFA chapter in the district. All exhibitors must be a 4-H or FFA member and be under the supervision of a 4-H or FFA advisor. Exhibitors who are not old enough to be 4-H or FFA members may show under the supervision of a parent/guardian.

(D) Jr. Exhibitors may show in only one county in Arkansas. Juniors are reminded that it is unethical to accept premium monies in more than one district. The Izard County Fair board reserves the right to withhold premium money if exhibitors do not abide by this rule.

3. Showing: All exhibitors must show their own animals except when an exhibitor has more than one animal in a class, in which the animal(s) may be shown by another Jr. exhibitor.

4. Breeding Beef Ownership: Exhibitors must own their own animals and must have acquired title and taken possession of the animal by July 15, 2009. All breeding animals must be registered in the exhibitor's name (not the farm name). No pending registration will be accepted.

5. Livestock Check In: All breeding beef, swine, and sheep exhibitors must have animal's original registration papers (or faxed copies from breed associations) in possession when animals enter the fairgrounds. Animals must be checked in by the appointed time or they will be scratched from the books. All cattle must be accompanied by a Certificate of Veterinary Inspection issued with ninety (90) days of the date of the fair.

6. Premiums: ICF will pay premiums based on the total amount of money allocated from the Arkansas Livestock and Poultry Commission after special prizes are purchased. Premiums will be paid on a point basis.

7. Youth Showmanship Contests: A showmanship contest will be included in each judged department. Contests will be held for Wee Junior (age 8 and under), Junior (age 9 -13), and Senior (age 14-19). Age is based on age as of January 1, 2009.

8. Care of Animals: Exhibitors will be responsible for the care and feeding of their animals. They should bring their own feed troughs and water buckets. Water will be furnished. Trailer parking will be available at an assigned location on the fairgrounds. All stalls, pens, and aisles must be cleaned by exhibitors before checking out. Please check out with superintendent before loading animals and leaving the fairgrounds. Failure to comply will result in forfeiture of premium money.

9. Bedding: Each exhibitor will provide their own bedding. No straw is allowed in the barn, at tie- outs only.

10. Purebred Animals: All animals in Registered Breeding Beef classes, including Composites, must have registration papers. Purebred animals must be 75% or greater, depending on the respective breed associations; composite animals must be registered as low percentage with the respective breed association. Along with the 2007 Arkansas State Fair, these composite breeds will have their own breed divisions: (1) Charolais Composite, (2) Lim-Flex, (3) Maintainer, (4) Shorthorn Plus, and (5) Sim Solution. All other

registered low percentage breeds not listed above will show in AOB (All Other Breeds) Composite. (Poultry, rabbits, and commercial and market classes are exempt).

11. Health Regulations: Refer to the Arkansas Livestock and Poultry Commission Health Regulations for exhibition requirements. The ICF reserves the right to have a blood and urine laboratory analysis made for animals at the fair. Any exhibitor administering a drug to an animal which would render the carcass unfit for human consumption or any exhibitor of an animal's producing an analysis indicating the presence of an unapproved drug that can result in a quantitative or qualitative change in the characteristics of the animal will be required to return all premium money and could be banned from further competition at the fair. Their name and lab analysis will be submitted to the USDA for further investigation and possible prosecution. Any animal receiving medication for any life threatening disease or illness must be registered at the time they are entered in the fair.

12. Sick or Diseased Animals: Sick or diseased animals will not be permitted to show. In the event that a disease is detected, the owner will be asked to remove the animal from the fairgrounds. In the case of a dispute, fair officials will have authority to call a veterinarian at the expense of the owner.

13. FDA approved implants: may be used in steers, however, no drugs of any sort will be administered without strictly following recommended withdrawal procedures. All entries are subject to visual inspection and/or laboratory testing.

14. The act of artificially filling animals internally: This would include stomach pumping, drench tubes, or any other method is prohibited. Silicone injections or those injections for cosmetic purposes shall be prohibited. The only exception to this rule is only in the case of severely sick or severely dehydrated animals, the exhibitor may have fluids or electrolytes administered with the approval of the show superintendent.

IAFE (INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS) NATIONAL CODE OF SHOW RING ETHICS

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE national Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial, and national levels. All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers, and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Any surgical procedure or injection of any foreign substance or drug of the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance except external applications of substances to the hoofs or horns of animals which affect appearance only, and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
4. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
5. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
6. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
7. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitters trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
8. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible persons to have any disciplinary action taken by the fair or livestock show against such individuals

published in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions, and any special notices to members.

9. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for action prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
